2013/2014

It's your choice to keep it in motion!

MOTION STUFF

Motion Stuff is a brand focused on quality, functionality, and value priced products for Motorcycles and ATVs. Whether you are a racer or a hobby rider, we've got you covered.

Our product offer consists of items including grips, indicators, filters, clutch plates and other accessories. Motion Stuff is produced in certified factories all over the world. We know our products because we not only test them but we ride them too.

Motion Stuff offers three product lines:

PRODUCT LINE

ORIGINAL

Standard original equipment alternative with the excellent price

ADVANCED

Original equipment alternative always providing interesting added value

PREMIUM

Outstanding product quality driven by modern design and technology

It's your choice to keep it in motion!

MOTION STUFF offroad clutch parts in general

MOTION STUFF offroad clutch parts are manufactured in Taiwan. Manufacturing facility has more than 50 years experiences with friction materials production and is certified under quality management systems standards of ISO 9002 and ISO/TS 16949, quality standard QS9000 and environmental management standard ISO 14001. Only high quality friction materials are used to meet both OEM and aftermarket requirements. All products, including MOTION STUFF offroad clutch parts are subject of exhaustive testing to ensure high performance and reliability of the final product.

MOTION STUFF Friction disc clutch kit

- Cork materials adjusted to fit original specifications of each model
- Low wear, non-abrasive to steel plates, high durability, optimal clutch response
- Consistent performance even under extreme offroad applications
- Delivered as direct aftermarket replacement of an OEM part
- Motorcycle model specific, see application tables
- Kit is complete and contains all needed friction plates

MOTION STUFF Steel plate clutch kit

- Steel plates with flatness control for high friction with friction discs
- High quality steel for very low abrasion
- Delivered as direct aftermarket replacement of an OEM part
- Motorcycle model specific, see application tables
- Kit is complete and contains all needed clutch steel plates

MOTION STUFF Spring clutch kit

- Clutch springs made from Japan raw material with OEM standards
- Higher spring stiffness than OEM for improved clutch function in extreme offroad conditions
- Motorcycle model specific, see application tables
- Kit is complete and contains all needed clutch springs

Fuel filter

STF-650-2016

CNC machined aluminium fuel filter with inner strainer made by powder metallurgy process. High rigidity for use in extreme conditions. Cleanable and reusable to save your expenses!

ADVANCED

STREET street use

MX offroad use

 cleanable and reusable

CNC CNC machined body

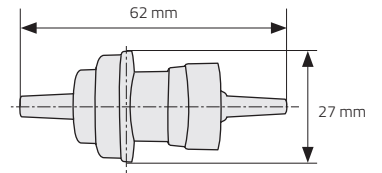

Fuel filter

STF-650-1014

Classic plastic fuel filter with inner magnet to maximize filtration efficiency. Value priced.

ORIGINAL

STREET street use

 magnet included

PLAST plastic body

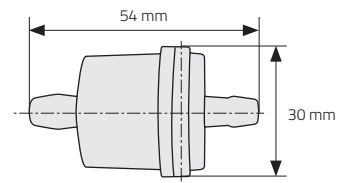

Fuel filter

STF-650-1026

Classic plastic fuel filter with inner magnet to maximize filtration efficiency. Value priced.

ORIGINAL

STREET street use

 magnet included

PLAST plastic body

LEGEND

 RACE	road racing use	 12V	suitable for 12V circuits
 STREET	street use	 E MARK	E-mark approved
 ATV	ATV use	 13-17 mm	for handlebars with 13-17 mm inner diameter
 MX	offroad use	 18-20 mm	for handlebars with 18-20 mm inner diameter
 2PCS	delivered as pair	 7/8" + 1"	left 7/8" + right 1"
 PLUS	balancers included	 7/8" + 7/8"	left and right 7/8"
 	big flange		waterproof
 	small flange		cleanable and reusable
 	no flange	 MED	medium hardness
	closed end	 MED SOFT	medium/soft hardness
	open end		full diamond design
 MONO	mono compound		half-waffle design
 DUAL	dual compound	 M	middle sized
 LED	LED technology	 S	mini sized
	delivered with bulbs	 XS	miniature sized
	vibration damper included	 CNC	CNC machined body
	magnet included		metallic body
 HQ	high quality rubber	 PLAST	plastic body
